Insulating Covers
for Tapflo AODD Pumps

2020 | 1

Hygienic Covers

Tapflo introduces a series of Hygienic Covers, dedicated to users of Tapflo AODD Pumps.

The stainless steel covers are robust, rigid and can be closed tightly and firmly.

Lined up with a dedicated insulation mat, Hygienic Covers are a perfect solution reducing operation noise level and insulating pumps from ambient thermal conditions.

Solutions for demanding applications!

- Operation in strict noise conditions.
- Pumping hot or cold liquids at stable temperature.
- Applications where a plain and easy to clean equipment surface is required.

ATEX Ex COMPLIANT

Industrial Covers

Industrial covers from Tapflo combine user-friendly design with high quality materials creating a durable soultion that will operate for years in almost every application.

The covers are tailor-made to fit a wide range of Tapflo pumps and can be easily mounted without any tool.

Sound insulation, thermal insulation or even pump heating within a cover. Now all this is available from Tapflo!

Sound Insulation

Need to keep your process quiet?

Choose covers from Tapflo equipped with sound insulation mat.

Thermal Insulation

Need to protect your pump from outer conditions?

Keep the heat inside the pump and insulate it from ambient temperature.

Pump Heating

Need to maintain stable liquid temperature?

Electrical heating will warm-up your pump.
